This edition of Tracking Healthy People 2010 supersedes the version contained in the January 2000 Conference Edition of Healthy People 2010. It includes revised information and the operational definitions for the Healthy People 2010 objectives. Updates to the operational definitions will be available periodically.

Tracking Healthy People 2010 is available at http://www.cdc.gov/nchs/hphome.htm. Data for the objectives will be updated in the DATA2010 database that also can be accessed at this Web site. For more information, call 301-458-4636.
